Quick Start Guide

Explore Kent State’s new video platform solution.

**Upload a Video**
Click the Add New button and pick Media Upload from the drop-down menu to upload new videos.

**Kaltura Capture**
Click the Add New button and pick Kaltura Capture to download and install the application. Use Kaltura Capture for screencasts, powerpoints and more.

**FlashLine Login**
Login to upload videos from the Add New menu. Manage videos from My Media in the dropdown menu.

**Access your Videos**
Kaltura uploads reside in your My Media gallery. Click the My Media link under the login button to access a list of your online videos.

**Adjust Settings**
Use the Actions button to adjust privacy settings with Publish; check viewership with Analytics; add features such as chapters, new video thumbnails, and collaborators with Edit.

**Link and Embed Code**
Use the Share button to access the link or embed code for your video.

**Tutorials**
Review tutorial videos to help guide you through the new features and tools in Kaltura.
Upload a Video

MEDIA UPLOAD

Use Kaltura to upload video files that you have created for online streaming playback.

1. Visit video.kent.edu, and login with your FlashLine username and password.
2. Click the Add New button and pick Media Upload.
3. Choose a file to upload.
4. Add a descriptive name (eg. ITEC 47411 Course Overview), adjust settings, and Save.
5. Add to Blackboard (steps on the next page).

Access your Videos

MY MEDIA

Kaltura uploads will reside in your My Media gallery.

1. Visit video.kent.edu, and login with your FlashLine username and password.*
2. Click on your login/account button and pick My Media.
3. Click Edit for any video to adjust settings, and explore features such as chapters, collaborators, and analytics.

* You can also access all of your Kaltura videos within Blackboard with the Kaltura Mashup.
Kaltura and Blackboard

**TEXT EDITOR**

You can easily access and add your Kaltura videos to your Blackboard course!

1. Within any Blackboard text editor, click **Mashups** (third row of the editor).
2. Choose **Kaltura Media**.
3. Browse your Kaltura My Media gallery, select, and embed a video within your message!

**CONTENT AREA OR FOLDER**

Navigate to a folder or content area within your Blackboard course.

1. Click **Build Content**.
2. Choose **Kaltura Media**.
3. Browse your Kaltura My Media gallery, select, and embed a video within your course!
Key Terms & Features

GET TO KNOW KALTURA

**Kaltura**: Synonymous with video.kent.edu. Kaltura is the cloud-based platform for streaming online video.

**Kaltura Capture**: Desktop application for recording your screen, webcam, and/or voice, and uploading to your My Media gallery.

**MyMedia**: Kaltura uploads reside in your My Media gallery. Access your My Media gallery from video.kent.edu to edit and organize videos, or from Blackboard using the Mashup tool (noted below) to add videos to your course.

**Publish**: Set videos to *Private* (viewable to content owner only); *Unlisted* (viewable to anyone with the link); or *Published* (viewable to anyone). Note - videos uploaded from CaptureSpace are Private. Private videos added to Blackboard via the Mashup are viewable to students enrolled in the course and the content owner.

**Channels**: Method of limiting and managing online viewership. Note – all videos organized in channels, even *open channels*, require a FlashLine username and password to view videos in that channel.

**Tags**: Add tags to help organize videos; however, descriptive titles for videos often yield better search results within your My Media gallery.

**Playlists**: Create and add a list of multiple videos to a single space in Blackboard by adding the playlist HTML embed code to any Blackboard text editor.

**Mashup**: Add videos from your My Media gallery to Blackboard: text editor. *(Mashup > Kaltura Media), or course (Build Content > Kaltura Media).*

**Collaboration**: Change or share administration of a video. Click *Edit* on a video within your My Media gallery, and pick the **Collaboration** tab to get started.

**Timeline**: Create chapters within a video; viewers can interact with chapters during video playback, and navigate to key topics within the video timeline. Click *Edit* on a video within your My Media gallery, and pick the **Timeline** tab to get started.
Training & Support

QUESTIONS?
Tutorials and answers to FAQ’s are available by visiting video.kent.edu, and accessing Kaltura Tutorials and/or Help.

NEED MORE ASSISTANCE?
Articles and other documentation can be found at support.kent.edu and search on Kaltura.

For more assistance or problem solving, please submit a ticket to our Helpdesk at support.kent.edu. You may also contact the Educational Technologies support staff at etsupport@kent.edu.

Faculty Workshops

VIEW SESSIONS AND REGISTER
Kent State Online offers a variety of in-person presentations and workshops, webinars, and self-paced online workshops that support and extend the Kent State Online Framework for designing, developing, and teaching high quality online courses.

Sessions are available to all university faculty, graduate teaching assistants, and staff, and can also be requested for any college, campus, or unit.

ONLINE TEACHING LISTSERV

Sign-up for the Online Teaching Listserv to be notified when new sessions are available. Our listserv includes news, resources, tips, and best practices for online instructors.
